

Waterproof driver

CODE: LB.430

- Suitable for powering LED strips, LED lamps and other LED fixtures.
- IP67 waterproof constant voltage driver
- Power supply: 170V ~ 250V - 50/60 Hz
- Operating temperature: -30°C +50°C
- Protection against short circuits.

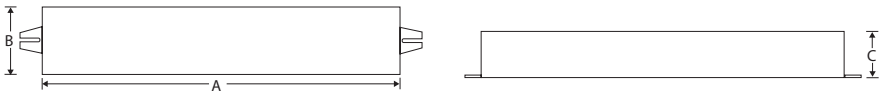

24V IP67

Technical data

| Article | Protection degree | Volt   | Max power | Current | Size (mm) | N. output |
|---------|-------------------|--------|-----------|---------|-----------|-----------|
