

Light curtains with microled

CODE: CASCATA LED

LED curtains, with thin wires and innovative microled.

The curtain is made up of 15 drops made with silver color twisted pair of copper wire (fine section 0.12 mm²).

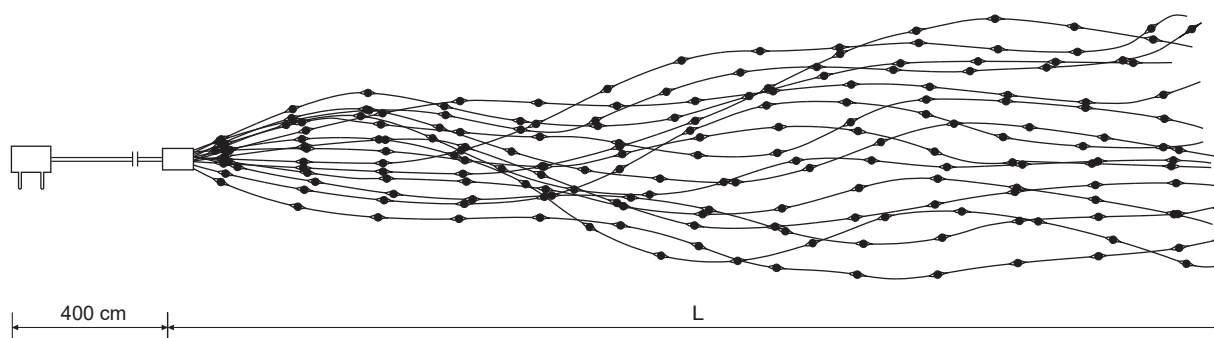

On each fall are mounted high brightness encapsulated microled, 2 mm thick.

The curtain operates in low voltage safety through a special plug-in power.

Technical data

Article	Volt	Light colour	LED Nr	Drops	Drops lenght	Total consumption
WS300.W	12 V	bianco puro	300	15	1,15 m	3,84 W
WS300.WW	12 V	bianco caldo	300	15	1,15 m	3,84 W
WS900.W	12 V	bianco puro	900	15	3,55 m	7,2 W
WS900.WW	12 V	bianco caldo	900	15	3,55 m	7,2 W
