

Starlight Rechargeable Led Emergency Lantern

CODE: DL.1090

Rechargeable, automatic, emergency portable lantern.
24 led SMD, cold white, extremely high brightness.
Double function: light, light flood spot.
Automatic switch on electronic circuit if mains voltage is down.
Complete with built-in power supply cord.
Led to monitor charge.
Battery overcharge protection circuit.

Features

- Power supply: 230V - 50Hz, hermetic rechargeable Pb battery 6V - 4Ah
- Light source: 24 led SMMD 3,6V - 20mA
- Autonomy: 5 hours full light - 8 hours half light
- Charging time: 16 hours
- Protection degree: IP40
- Shockproof: IK05
- Working temperature: -10 +40°C
- Colour: polar white
