

230V 1 channel dimmer

CODE: NTG404

- Dimmer for mains voltage loads
- Allows you to drive voltage loads from 85 to 265V AC, max current 1A
- Control inputs: via Bluetooth with App for IOS / ANDROID (free download), n. 1 N.O. button (from 85 to 265V AC) isolated
- Protected from input overvoltages
- Overvoltage protection of outputs
- Gradual switching on and off
- Suitable for sources: LED (triac / IGBT) in dimmable mains voltage, incandescent, fluorescent
- Case suitable for type 503 fruit box

85 -
265V IP20
