

Outdoor led lamps

CODE: WALLED 2

Even the outdoor lighting has been influenced by the use of LED sources. The reinterpretation of the traditional applique has produced new forms for a new way of lighting.

The series "WALLED" is an example.

A full range of apparatus designed for the illumination on the wall, from outside, to allow a substantial energy saving, also in relation to the normal use for many hours of these devices.

LED appliques, triangular shape, for wall mounting

- Diffusion of light upwards and downwards
- Diffusers in transparent polycarbonate
- Equipped with 2 x 2 W high-brightness LEDs

IP54 CRI 70

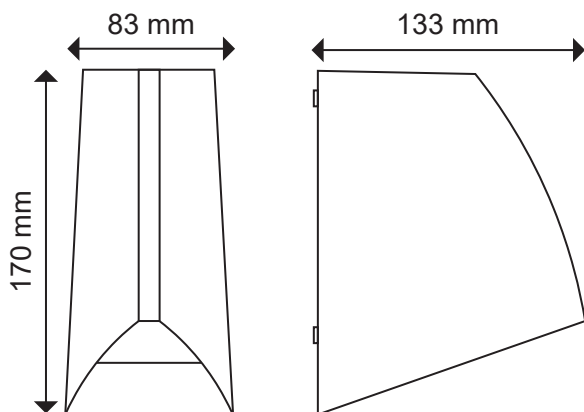

Features

- Body in die-casting aluminum black painting
- For external mounting
- Stainless steel screws
- Power supply: 230V - 50Hz
- Built-in driver
- Energy saving over 80%
- Color rendering index: > 70
- Average life: 20,000 hours
- Degree of protection: IP54
