

Micro dimmer

CODE: MD1

- Used to control connected led strips
- Mono channel with output voltage PWM
- Input: ON/OFF not insulated push button
- Can be used inside aluminium profile PA series
- Reverse polarity protection
- Open circuit protection
- Surge voltage protection

8-28V IP20

Technical data

Article	Volt	Max power	Current	Size (mm)	N. output
MD1	8-28V DC	96W (24V)	4A	38x9,4x4,1	in tensione
